1

家用  电梯
home elevator

心灵深处的向往

The yearning of the heart

安全问题

Safety

最大载重多少?
What is the maximum load?

最大载重400Kg
Maximum load 400kg

运行速度多少?
What is the running speed?

运行速度0.15m/s--0.4m/s
Operating speed 0.15m/s--0.4m/s

运行停电会困人吗?
Will the power outage trouble people

Will the power outage trouble people

我们电梯都标配ups不间断供电电源，假如家里发生停电，轿厢也会用应急下降功能缓降至底层，不会发生困人

Our elevators are equipped with UPS uninterruptible power supply as standard. If there is a power outage at home, the elevator car will also use the emergency descent function to slowly lower to the bottom floor, so as not to trap people

安全问题

Safety

噪音大吗?

Is the noise loud?

采用静音泵站, 运行只有40分贝

With silent pump station, operation only 40 decibels

会出现坠梯吗?

Will there be a fall ladder?

我们配备防坠落安全钳, 在电梯失速下坠2厘米之内就能启动, 瞬间就可以把电梯抱死在导轨上

We are equipped with anti-fall safety pliers, which can be started within 2 cm of the elevator's stall fall, and can hold the elevator dead on the guide rail in an instant

MANOR IN THE HEART

可以乘坐几个人?

It can take several people?

一般家用的轿厢尺寸1*1m就足够, 可供2-3人乘梯
General household car size 1*1m is enough for 2-3 people to take the ladder

会不会夹人?

Will not pinch people?

我们安装了光幕, 避免电梯夹人事故的发生

We have installed a light curtain to prevent the elevator from clamping accidents

Beautiful and comfortable

美蒂斯家用别墅电梯既可以让您在家里上下楼方便自如

又不会破坏或影响您房屋现有的风格和装修模式

简约且优雅的美蒂斯家用别墅电梯能安静

平稳地运行且不会占用太大的空间

Metis home villa elevators make going up and down stairs at home more convenient without damaging or affecting the existing style and decoration mode. The simple and elegant Metis home villa elevator runs quietly and smoothly without taking up too much space.

VILLA

家用电梯已经不单单是一台电梯 更是一件艺术品
业主除了注重产品质量 也在提升对美学的要求

家用电梯属于定制化产品

每个业主对于电梯的要求也都不一样，
这也非常考验家用电梯厂家的设计能力和审美能力
对于电梯的乘梯体验和氛围感也提出了更高的要求

Home elevators are no longer just an elevator but also a piece of artwork. Homeowners not only pay attention to product quality but also elevate their aesthetic requirements. Customization is a feature of home elevators, and each homeowner has different requirements, which challenges the design and aesthetic abilities of home elevator manufacturers and raises higher expectations for riding experience and atmosphere.
